Experience and Projects

Fotuu - AI Editor

Full Stack Web Developer

[Source Code](#) [Live Demo](#)

April 2025 - August 2025

- Engineered a scalable, responsive AI image editing web application featuring background removal, AI-generated backgrounds, retouching, upscaling, crop/resize, and color adjustments, using Next.js, Tailwind CSS, and Radix UI.
- Implemented tier-based subscription and feature access via Clerk, enabling free users limited projects and Pro users full-featured, unlimited project creation, improving user engagement and monetization.
- Developed high-performance canvas editing with Fabric.js, enabling real-time drag-and-drop, zoom, interactive manipulations, and multi-format export (PNG, JPEG, WebP) with adjustable quality for optimal UX.

Sensei - AI Career Coach

Full Stack Web Developer

[Source Code](#) [Live Demo](#)

November 2024 - March 2025

- Engineered a cutting-edge AI career guidance platform integrating **@google/generative-ai** to deliver personalized career advice, interview coaching, and resume optimization, enhancing user employability and engagement.
- Built dynamic interview preparation and resume/cover letter tools using **react-hook-form**, **Zod**, and **html2pdf.js**, enabling AI-driven interview questions and professional PDF outputs, improving readiness and user satisfaction.
- Implemented real-time industry insights and a performance-optimized scalable backend with **Next.js**, **Prisma ORM**, **Recharts**, and **date-fns**, visualizing job trends, salaries, and growth opportunities for informed career decisions.

Multi-vendor E-commerce

Full Stack Web Developer

[Source Code](#)

August 2025 - Present

- Large-scale project setup, built with TypeScript, Microservice Architecture, NX mono-repo, AWS, Express, MongoDB (primary), Redis (secondary), Prisma ORM, Next.js, Kafka, Socket.IO, Firebase, ImageKit, Docker, GitHub Actions CI/CD, Cloudflare.
- Planning and implementing features for a scalable multi-vendor e-commerce platform with AI-powered product recommendations and real-time notifications.

Technical And Soft Skills

Frontend: React.js, Next.js (SSR/SSG/ISR), Redux, Hooks, Toolkit, Tailwind CSS

Backend: Node.js, Express.js, REST & GraphQL APIs, WebSockets (Socket.IO)

Database: MongoDB, PostgreSQL, Prisma ORM, Redis (caching)

DevOps & Tools: Git, GitHub Actions (CI/CD), Docker, Vercel, Postman

Cloud & AI: AWS S3, Firebase, Authentication (JWT, OAuth, Clerk), AI APIs (OpenAI, Google GenAI)

Languages: JavaScript (ES6+), TypeScript, C++

Soft Skills: Problem-Solving, Analytical Thinking, Adaptability, Collaboration, Effective Communication

Education and Certificate

MJPR University

Bachelor of Computer Application (B.C.A)

Frontend Development (Sheriyans Coding School)

Backend Development (Chai aur Code)

Data Structure Algorithm (Code Help)

India, UP

October 2021 - August 2024

October 2022 - March 2023

March 2023 - September 2023

January 2024 - September 2024
